

Some Local Storage Options for Your Vehicle

NYC encourages you to arrive sans vehicle for your stint with us if possible. We can store some vehicles at our office, but note that this is at your own risk. Several staff rigs have been broken into over the last few years; one vehicle was stolen off of the premises. If you do chose to leave your rig at NYC, we are not responsible for stolen or damaged property. Listed below are a few storage facilities (in order of proximity to NYC) that take vehicles. We encourage you to find an off-site storage area for your rig if you plan to leave it in Eugene while working at NYC. Eugene is sadly known for high rates of vehicle break ins and thefts.
