

Twin Rivers Advisory Board Meeting

November 1st, 2017

Present: Jane Kammerzelt, Lauren Sommers, Jeff Orlandini

The meeting was called to order at approximately 4:35 p.m.

Minutes for the August and October meetings were unanimously approved.

Scott Simpson presented the independent audit Moss Adams conducted of TRCS. TRCS received an unmodified opinion with no findings. The Board members thanked Scott and Vickie for their hard work.

No presentations from student representatives.

No public comment. No members of the public were in attendance.

Jay presented the Principal Update. Staff is doing great and continue to refine the systems put in place at the beginning of the year. The first quarter ends this week and Jay expects to see improvement in attendance and grades over last year. Spike is generally going well. The students participate and do quality work. This last spike there were a number of students who could not be away from home, so the school arranged an on-site spike. The school has lost three students in the last month but it looks like three more will join shortly.

TRCS submitted the required reporting to 4J regarding the school improvement plan last week.

At the request of a student, Jay has begun planning a career day in January.

The academic themes for the second quarter are: Cats & Dogs (science, in particular focusing on evolution) and Shoes & Boots (literature and social studies focusing on human migration).

The Advisory Board briefly discussed Jay's big audacious dream of an international spike in a few years.

The meeting adjourned at 5:35 p.m.

Respectfully submitted on January 10, 2017

Lauren Sommers, Secretary

Jeff Orlandini, ^{Chair} Chair
